DEFINATIONS AND INTERPRETATIONS

Unless the context otherwise requires, the different terms and expression used in the instruction shall have the following meaning assigned to them. The headings are given for the sake of convenience in the instruction and do not carry any special meaning.

1. **“Commission”** means Bangladesh Telecommunication Regulatory Commission established under the Bangladesh Telecommunication Regulation Act, 2001(as amended).
2. **“Call Center”** is a facility used by companies to manage all client contact through a variety of mediums such as telephone, fax, letter, email and increasingly on line live chat etc. It is to be mentioned here that call center also includes HCC and HCCSP also.
3. **“Call Detail Records (CDR)”** is generated by all types of call centers in the form of binary or any other form of file that includes all types of records of outgoing and incoming calls such as caller and called party number, origin and destination of calls, call duration, calling time, location, etc.
4. **“Disaster Recovery Center (DRC)”** means complete backup center which can be used when the main center becomes inoperative for any reasons.
5. **“International Private Leased Circuit (IPLC)”** means International point to point Private Leased Circuit.
6. **“Multiprotocol Label Switching (MPLS)”** is a mechanism in high-performance telecommunications networks which directs and carries data from one network node to the next. MPLS makes it easy to create "virtual links" between distant nodes. It can encapsulate packets of various network protocols.
7. **“Multi Router Traffic Grapher (MRTG)”** is a free software for monitoring and measuring the traffic load on network links. It allows the user to see traffic load on a network over time in graphical form.
8. **“Point of Presence (PoP)”** is the client location at the foreign end where the telecom traffic of the client is collected for the call center at Bangladesh end.
9. **“Virtual Private Network (VPN)”** means a private network which is composed of leased resources of public network.
10. **“Very Small Aperture Terminal (VSAT)”** means a two-way satellite ground station with a dish antenna that is smaller than 3 meters.
11. **“Infrastructure”** means the entire call center related equipment (Hardware and Software).

Registration Instructions for Call Center/BPO (International and Domestic)

1. Introduction

- 1.1 Bangladesh Telecommunication Regulatory Commission (hereinafter the Commission) has been empowered by and under the Section 31 of the Bangladesh Telecommunication Regulation Act, 2001 (as amended) (hereinafter the “Act”) to issue Registration Certificate for the operation and provision of Call Centers and Back offices.
- 1.2 Call Center / BPO is one of the most promising sector in Bangladesh which can contribute a substantial amount of foreign revenue to national exchequer. Bangladesh has the potential to become one of the most attractive off-shoring destinations because of its low cost, liberalized policy and highly trainable, English proficient, IT enabled quality manpower. Added to this, the neutral accent along with the existence of fluent English-speaking and Internet literate people who have the future-thinking entrepreneurial attitude needed by foreign companies looking for outsourcing their customer support, technical support, telemarketing, accounting etc also help exploring the global outsourcing market. Keeping this in view, Bangladesh Telecommunication Regulatory Commission has decided to introduce Registration for Call Center/BPO operation to provide easy, less time consuming and more liberalized environment in the domain of outsourcing.
- 1.3 These Instructions, along with the terms and conditions of the Registration, shall be read in conjunction with the Act, any subsequent legislation, other prevalent laws or sector policies framed by the Government, rules, regulations, decrees, orders, decisions, guidelines, directives and other documents of general application issued by the Commission from time to time.

2. Objectives

- 2.1 These Registration Instructions are intended to provide an overview of the regulatory framework to manage and operate Call Centers/BPO in Bangladesh.
- 2.2 This Registration is intended:
 - 2.2.1 To provide easy and affordable Call Center/BPO registration instead of existing licensing procedure to the entrepreneurs to conduct Call Center/BPO business.
 - 2.2.2 To create job opportunity in Bangladesh for educated unemployed people.
